Mask news from Sheila:

We are currently at 13,582 face masks. As the local spike in Coronavirus cases, our requests for face coverings is also increasing at a dramatic rate. Help is needed to sew the pre-cut kits for children at Cedars Home for Children, the Malone Center, Child Advocacy Center and LPS Family Literacy program. The primary need is masks for children with adjustable ties/ear loops. Our current design is very simple and requires no pleats! Each kit makes 25 masks. Contact Sheila Green (402-440-3127) and she will have the kit/s with your name on it in the tub on her front porch. Completed masks are returned in the tote. Examples of the masks are in the photo below, on our Facebook page, and on the porch by the tote.

Thanks, Sheila

August Workshop

If you are considering signing up for Tony Jacobson's August 11 workshop, you may want to check out a video he made for us, telling us more about the project and all the great techniques you will be learning. You will find the video at <https://www.facebook.com/tony.jacobson.142/videos/10158675020228993>
