PLAIN PRINT DEADLINE

Deadline for the April-May issue of Plain Print is March 2, 1990.

PRESIDENT'S CORNER

I would like you to stop a moment and consider..." what keeps our guild running?" How is it that our meetings continue to run every month with interesting programs and activities? How are the Evening and Afternoon Workshops organized? ...the raffle tickets sold?...quilt shows hung? etc., etc., etc.

All the work for the Guild is done by members! ...and did you know that many quilt guilds on the west coast require members to donate a certain number of hours service to maintain their membership? Many groups across the country are limiting the number of members in their Guilds...a new member cannot join until someone drops out. With nearly 300 members now in the Lincoln Guild, how would you feel about some of these polices being enforced in our guild?

As we begin this new year, recognize that there are many challenges ahead for our organization. These challenges require support, inspiration and plain hard work. Please, do not fall back on the old idea that someone else will take care of it. We are going to need the input of all members. So, please, do not wait to be asked, step forward! Volunteer! Get involved! It is the best way to meet other members and make new friends. I think you will find it is much more fun — than work!

Nesting Tree

The friendship block for March is a 10" Nesting Tree. The tree is to be made of any dark green print while the background should be made from a light print. The tree can't be a "nesting" tree without a bird, so choose any light triangle (background) and replace it with any colorful triangular "bird". Remember to include a 3" square of fabric with your block(s).

INTERESTED IN JOINING A SMALL STITCHING GROUP?

Many of our members already belong to a small group that meets informally to visit and stitch (and eat). How do you get into one, or start a new one? Just fill out the information form below, send it to Julia Stroebel, and she'll try to play "match-maker" (or "match-stitcher" as the case may be) by matching people with compatible times and locations.

If you are currently in a small stitching group that could use a few new members, please call Julia at 435-5764 to let her know.

Circle the days and times that will work best for you to meet with a small group. We'll do our best to help you find each other. Send the completed form to Julia Stroebel, 336 South 27th, Lincoln, NE 68510.

"If you wear glasses to correct near-sightedness, take them off when studying color combinations", says Allison Aller of Eugene, Oregon. "Patterns blur and you will get a new perspective on coordinating possibilities."

Did you know?

Most fabrics remain current for only 6 months or so and may be discontinued to make way for new designs. That's why — when you return for that special fabric at a later date — it may be gone! When you see fabric you like — you probably should buy some. It will keep you from saying "Oh, darn, I should have bought it when I saw it!"
