Lincoln Quilters Guild • Quilting Since 1973 • Meeting second Monday of each month • September through May - 7:00 pm.

## APRIL GUILD MEETING

Our April meeting will feature Kari Ronning who will talk about "Pieced Quilts from Nature".

### **Gingher Scissors**

This will be your last chance to order Gingher scissors at half price. Remember that you must pay for your order in advance, so bring your checkbook. Scissors may be picked up at the May meeting.

### **Easter Food Drive**

To support the Lincoln Food Bank, we will be collecting non-perishable food items at the April meeting. There will be collection boxes near the refreshment table. Please bring at least one item to donate to this special Easter project. Ellen Mayer has volunteered to help deliver our collection to the food bank.

### **Nametags**

Remember to wear your fabric name tags to win great door prizes.

## MAY MEETING ANNOUNCED

...from Anne Parrott, Bernice Jeffries and Jo Baxter.

Excitement is a buzz and sewing machines are whirring in anticipation of the May 14, "Patchwork Plus Promenade".

The "Promenade" will feature — YOU, as you wear or show your garments (no more than 3) sewn and embellished with quilt related needle-work. (i.e., applique, embroidery, piecing, tar-pundo, or sashiko). It will be a march-like procession with only the name of the maker and title of the garment read by an announcer. It is an opportunity for you to share your inspirations in stitchery and get to know other cross-media needle designers. You may sign up for the promenade before the meeting from 7:00 to 7:30. After the general meeting at 7:30, we will be entertained by the Prairie Singers and the Promenade will begin.

Two Suggestions: One, it is better to show a youth garment on a "Happy Hanger" than on a grumpy child; and two, it is better to show your own additional garments on a snappy or decorative hanger than making a costume change.

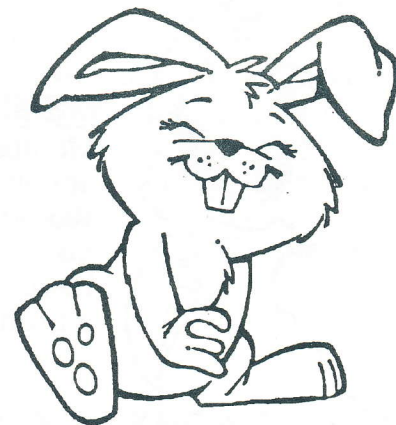

For more information, contact any of the three named above!

## PRESIDENT'S CORNER

I am amazed how fast my year as President is flying by. It seems like only yesterday that I was worrying about starting the September meeting — I was certain that I would forget something vital! I feel that my commitment will not be complete until after the Quilt Show this June, even though my term will officially end with the May Guild Meeting. It has been a year of friendship and fun, but also a year with its share of frustrations.

I would like to express my deepest gratitude to the officers and the committee chairpersons who made my job much easier. I began the year with the motto: "Do it, delegate it, or dump it!" It was reassuring to know that I had a wonderful support group to fall back on, and I appreciate them letting me occasionally "dump" work on them.

I am looking forward to the two remaining meetings — and then returning to "normal" — what ever that is!

*Shelly*

## APRIL FRIENDSHIP BLOCK

April's friendship block is Remembrance.

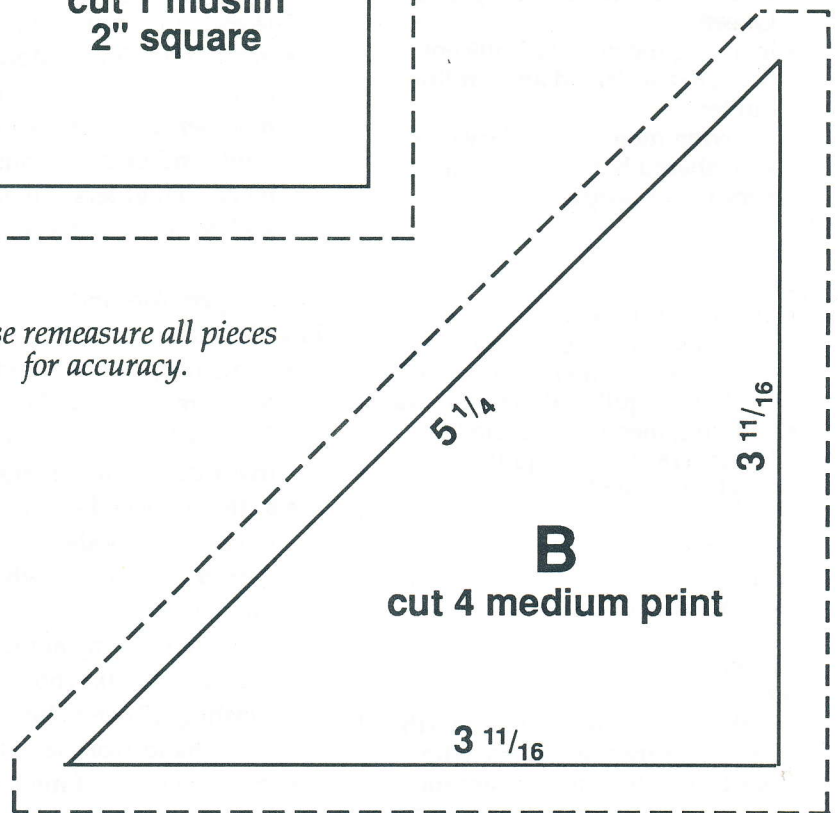

It is an 8" block that has a center square of unbleached muslin — just the place to sign your name. Please sign with a fine point permanent marker. We will have some available at the April Guild meeting for you to use.

The diagonal pieces (A) should be a dark print and the triangles (B) are to be a coordinating medium print. Remember to include a 3" square of one of the fabrics that you have used.

This block is quick and easy and will make a lovely "Remembrance" for the lucky winner!

*Please remeasure all pieces  
for accuracy.*

## NQA '91

...from Jean Davie

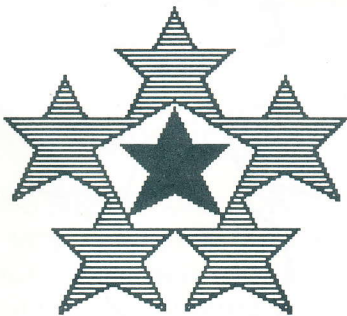

Hotel reservations have been made and flights confirmed for Judy and I to attend the July NQA Show in Knoxville.

Please keep us posted on your plans to join us. Lincoln will mount an exhibit to showcase our area for the '91 Show. We want all Nebraskans who plan to be there to join our booster club and in the forthcoming issue of the State Guild Newsletter, I am inviting each and everyone to do just that! Believe me, it is not exclusive - but totally inclusive!

We want help in compiling a list of appropriate vendors and establishments to be contacted for the merchant's mall. We will also be looking for publications to advertise our forthcoming event. If you can give us the names, addresses and any publication information which you think might be appropriate, we would appreciate it. Our greatest lead time will be publication contacts

Please let us know what's in your mind either by note or phone call and bushels of thanks in advance!

## AIDS MEMORIAL QUILT COMING TO NEBRASKA

...from Susan Garwood

The AIDS Memorial Names Quilt is coming to Nebraska! It will be on view at Lincoln's State Fairgrounds Ag Exposition Hall on October 20-21, 1990. As you may know, this unique quilt is made up of panels commemorating the lives of those who have died as a result of the AIDS epidemic. Unfortunately, the quilt is now growing rapidly, so only panels of midwesterners will be shown in Lincoln.

Panels are 3' by 6' and employ many techniques from piecing, applique, embroidery, fabric paint to collage. The names quilt is a wonderful way for family and friends to pay tribute to those they love. We hope quilters across the state will be willing to help grieving families make panels to present to the Quilt during its Lincoln stay.

We want to use the occasion of the quilt visit to promote the art of quilting. Many ideas have come to mind...and we would welcome any ideas from you! It is estimated that 10,000 + visitors will come to view the quilt, and we feel this a good chance for quilters to show both their skill and their compassion. Would you be willing to be involved in workshops to help make panels? Would you like to be involved in setting up or monitoring the quilt itself? Do you have any ideas about quilting demonstrations or displays? We welcome any ideas you could share as we are just beginning to plan.

## If you're interested...

...from the editor.

Because I have had several inquiries about *Plain Print* and how it was done, — and since I have some room — let me explain!

During the past two years as your editor, I have slowly been acquiring new and better computer software and equipment. Although I still don't have everything I feel I need to make computerized publishing my sole means of support, it soon will be. This issue (because there are no photographs) represents the closest yet to producing an entire issue on computer without additional pasteup!

## The technical stuff...

- All text is entered into a word processing program — MicroSoft Word.
- The masthead was scanned and converted to an EPS file.
- The majority of the line art was scanned as TIFF images, while others were drawn and saved as EPS files.
- Both text and graphics were placed in a page layout program — Aldus PageMaker,...and
- Both April and May's friendship blocks were created entirely with Aldus FreeHand.
