Class Location: College View Seventh Day Adventist Church, 4801 Prescott Ave, Lincoln, NE (Use southeast door entrance)

Instructor: Timna Tarr

Class Description: Designing with Colors & Improvisational Piecing

In this all-day workshop you will have the opportunity to learn how to design with color as well as experiment and improvise your own piece!

In the first part of the workshop you will learn about designing with colors. Are you stuck in a color rut? Or are you afraid that you might make a color “mistake” in your quilt? Timna will teach us about designing with color and trying new color combinations as well as how to use color placement as a major design element in your quilt. This portion of the workshop does not involve any sewing but does allow you to play with six-inch fabric squares from your stash!

During the second part of the workshop you will learn to let loose with your piecing! Timna will share her tips and tricks for creating your own improvised piece. This part of the workshop will be packed with experimenting and trying new techniques where you will receive instruction on composing and piecing your own spontaneous project together into a quilt top as well as real time problem solving!

Class Instructor: Timna Tarr
Class Title: Designing with Flying Colors & Improvisational Piecing
July 11, 2017

This is an all-day workshop broken into two parts

Supply List

Workshop Part 1: Designing with Flying Colors

Bring 10 6-inch squares of different fabrics

Don't stress about your fabric choices – just grab fabrics that are handy!

Workshop Part 2: Improvisational Piecing

- Sewing machine in good working order
- Basic sewing supplies (pins, needle for machine, seam ripper etc.)
- Scissors
- Rotary cutter, mat, and rulers. We will be working with small pieces, so a small mat is adequate. Bring a couple of your favorite acrylic rulers.
- Neutral thread
- Fabric scraps from your stash – an assortment of light, medium, and dark values. Now I know you're going to ask me how many scraps and how big? That's hard to quantify – but a grocery bag worth of scraps, whatever sizes you have will work. Remember this is Improvisational Piecing – we'll improv with whatever you come up with!
- 3, 1/4 yards of solid fabrics – 1 light, 1 medium, 1 dark value all in the same color family
