

Sully's Upcycled Hoodie Supply List

Karen Will Supply

- An oversized hoodie pattern in Adult sizes XS-5XL (or a Child size 2/3-L), along with a sew-along video to view at home and a digital pattern file.
- Extra fabric/textiles/kantha quilts for purchase \$15 if you need.
- Energy! She will be well caffeinated!
- Step by step sew-along instructions.
- Snacks of course!

Please Bring:

- A dependable sewing machine that you are familiar with operating and that your are fairly certain can get through 3 layers of the textile you have chosen.
- Power cord and foot control
- This is a perfect first-time garment to sew, but a basic knowledge of a sewing machine is needed.
- Pins, quilt clips
- Fabric scissors
- Neutral color thread
- Denim needles
- A thrifted, second hand or preloved textile. This could be a quilt, blanket, or curtain. For an idea of amount of fabric you need, it should be about the size of a twin size bedspread (3 yds.) You can also combine fabrics - sleeves and hood different from bodice, etc. Fabric does not need to be quilted.

What to keep in mind when choosing your textile:

Thickness-not too thick/dense- your sewing machine will need to make it through 3 layers. I suggest you not use a cherished textile for your first hoodie! You might make some mistakes- so let's learn using a textile that is not so loved!
