Workshop Title: ***Starmazing Wall Hanging***

Date: September 13, 2022
Time: 9:00 a.m. -4:30 p.m. (lunch break at 12:00 noon)

Workshop details:

Green Glass Designs patterns use quilting techniques to produce wall hangings that look like stained glass windows. The stained glass effect is created by using Clover Quick Bias as the "lead". Clover Quick bias comes with an adhesive on the back so you can iron it in place and then sew it down. All of the focal fabrics are ironed on to the background using fusible. There are no tricky seams to deal with. You iron on your focal fabrics and cover up the raw edges with the bias. Ruth's goal is for each class participant to leave with a finished project!
